

## Presse / 2001 / Red Alert: the hits from “TV total” now available

With the album “Hits total Vol. 1”, this is the first compilation from the TV show “TV total”.

Numerous hits, by international music stars who have appeared as guests on Stefan Raab’s show, are included in the first volume of “Hits total”. These include Atomic Kitten, currently No. 1 in the German charts with “Whole again”, Right said Fred with “You’re my mate”, Emma Bunton with “What took you so long” and Eddie Rodriguez with “Sensacion”. And of course the cult anthem “Ich liebe Deutsche Land” by Verna Mae Bentley-Krause – an absolute must for this album.

“Hits total” is licensed by Raab TV in cooperation with EMI Music Media (EMM) as a joint venture with Zomba and BMG Ariola Media. The partners rotate the publications of the series of CDs. From 2002, four follow-up CDs are planned for each year.
