

Presse / 2001 / Following the golden success of the first "Hits total": "Hits total Vol.2"

The second compilation, "Hits total", is now available in the stores – lots of new sounds, well-known chart toppers and three exclusive titles by "TV total" host, Stefan Raab.

Friday, November 11, 2001 marks the unveiling of 40 great hits on one single CD! Following the smash success of "Hits total Vol. 1" – with 150,000 CDs sold and hence gold – this hit sampler goes into the second round: Kylie Minogue (Can't get you out of my head), Alicia Keys (Fallin'), Samy Deluxe (Weck mich auf), Alcazar (Crying at the discotheque), Safri Duo (Samb-Adagio), Gigi D'Agostino (L'amour toujours) and many, many more.

The album also includes future hits: the CD contains two tracks – not published to date but highly likely to be smash hits: "From Sarah with love" by Sarah Connors and "The Chase" by Rednex.

Hit maker and "TV total" host Stefan Raab takes center stage, publishing three exclusive tracks from his show: the "TV total" theme, the legendary interpretation of "Daylight in your eyes" and the hilarious rendition of the hype surrounding Ulla Kock am Brink versus Sabine Christiansen.

"Hits total Vol. 2" will be published as a licenced product from Raab TV in cooperation with BMG Ariola Media, EMM and Zomba.
